

Proven performance and reliablity.

The TB7100 is a compact, cost-effective base station/ repeater for use as a line-controlled base, talk through repeater, RF modem, data repeater or with TaitNet MPT 1327 trunked systems.

KEY FEATURES

- ▶ 100 channels with CTCSS and DCS sub-audible signaling
- ▶ Covers five key frequency bands from 66-80MHz
- ▶ Two digit LCD display
- ▶ Four programmable function keys
- Continuous duty at 25W, 40W (UHF) and 50W (VHF) power output
- Full duplex operation (when fitted with optional duplexer)
- ▶ Tone on idle and CWID
- ▶ Capable of operation at ambient temperatures of up to 140°F (60°C) and lowest -22°F (-30°C)
- Fans and heatsink designed to give 100 per cent transmit duty cycle
- ▶ Programmable fan operation
- ▶ Integral monitor speaker for audio testing
- ▶ 9-way RS232 serial data port
- ▶ 25-way system interface for connecting external equipment
- Low standby power consumption (140mA in economy mode, 25W)
- ▶ Rack or wall mounted

FEATURES AND BENEFITS

Conveniently compact

The only repeater on the market with optional internal power supply and internal duplexer in a slimline 1U format. This makes the TB7100 easy to transport and install; an ideal choice when space for your RF equipment is limited.

Ideal for single site coverage

A cost-effective repeater for single site applications such as industrial or campus sites, shopping malls, hotels, small taxi or bus fleets.

Variety of applications

Ideal for mine or industrial applications, ports and railway stations, building sites, security and maintenance services.

Data support

Supports both 12/19.2kbps Tait High Speed Data and 1200/2400 baud FFSK as standard. The TB7100 can be configured as a data repeater or RF modem and is fully compatible with the TM8000 range of mobile radio equipment.

Authorized Partners		

Tait is your complete supplier of radio communications equipment offering mobile, portable and infrastructure solutions. Tait is renowned for its flexibility, responsiveness and commitment to producing innovative world-class mobile radio communications products.

Specifications are subject to change without notice and shall not form part of any contract. They are issued for guidance purposes only.

+Please note that not all frequency bands and power outputs are available in all markets. For further information please check with your nearest Tait office or authorized dealer.

The word "Tait" and the Tait logo are trademarks of Tait Limited. Tait is an ISO 9001:2008 and ISO 14001:2004 certified supplier.

Tait Limited facilities are certified for ISO9001:2008 (Quality Management System), ISO14001:2004 (Environmental Management System) and ISO18001:2007 (Occupational Health and Safety Management System) for aspects associated with the design, manufacture and distribution of radio communications and control equipment, systems and services. In addition, all our Regional Head Offices are certified to ISO9001:2008.
